COUNCIL BUSINESS

- 2020 Year-in-Review
- Website launch
- B-8 Advisory Group
- Data Interoperability
- Strategic Plan
What is an ECIDS?

- Early Childhood Integrated Data System
- Integrates data from multiple early childhood programs into one system
- Typical data:
  - Individual child
  - Child’s family
  - Classroom
  - Program & Providers
- Answers questions that can’t be answered by any one program
Strategic Plan for Early Childhood
Annual Update

Presentation to the Council for Thriving Children

Tuesday, June 8, 2021
Agenda

• Context Setting
• Strategic Plan Update Team
  - Catalysts and Challenges
  - Measuring Progress
  - Strategic Plan Alignment
• Question/Discussion
Context Setting
All families are afforded comprehensive and responsive supports, so they are healthy, learning, and thriving now and in the future.
Strategic Plan Development Process

Start

PDG Planning Grant Awarded to UNH

Hired facilitator for strategic planning process

Six-month planning process/stakeholder/parent engagement

Council for Thriving Children established Jan 2020

Developed preliminary strategic plan

Draft plan reviewed and approved by DHHS, DOE, and the Governor

NH Strategic Plan for Early Childhood released June 2020

Annual Review of the Strategic Plan

Strategic Plan Update to be released July 2021
Strategic Plan Goals

GOAL 1: POSITIVE LEARNING EXPERIENCES
Effective learning opportunities are provided in all settings, including the home, child care, and after school programs, preschools, and elementary schools.

GOAL 2: HEALTHY CHILDREN AND FAMILIES
Children and families throughout our state have access to the best opportunities for early and life-long health.

GOAL 3: STRONG FAMILIES
Families have the skills, basic resources, and supports to promote their children’s development and learning before birth and continuing through age five and beyond.

GOAL 4: STATEWIDE COORDINATION
NH’s young children and their families have the benefit of well-coordinated early childhood programs and services that work effectively together on their behalf.
Did we accomplish this?

Expand Social–Emotional Learning

Many educators are expanding social-emotional learning efforts to help young people develop the self-awareness, self-control, and interpersonal skills needed for school and life success. Educators rely on the Pyramid Model as a tiered approach to promoting their students’ social-emotional health and have benefitted from NH’s membership in the National Pyramid Model Consortium.

In 2020, NH’s Even Start Grant funding enabled the Preschool Technical Assistance Network (PTAN) to facilitate the NH State Leadership Team in implementing the Pyramid Model. The NH Department of Education’s (SOCIAL) (Improving Social–Emotional Outcomes through Comprehensive Infrastructure and Leadership) initiative also supported the Pyramid Model framework in early childhood settings. In 2020, NH supported a Master Cadre of coaches to train early childhood educators to use the Pyramid Model in their classrooms. To evaluate this effort’s impact, NH anticipates embedding the Pyramid Model matrices into NH’s data system.

In NH, educators have also been utilizing Choose Love, a groundbreaking next-generation social and emotional learning program. The curriculum teaches educators and their students how to choose love in any circumstance through simple yet powerful themes and practices. Through Choose Love, NH classrooms have evolved into cultures where students feel safe, nurtured, connected, and empowered. Choose Love has been applied beyond the classroom, and in 2020 was implemented in infant/toddler programs, homes, and community organizations.
Strategic Plan Update Team
Role of Strategic Plan Update Team

Oversee the annual update to the plan

- Identify catalysts for change
- Uncover challenges to progress
- Measure progress
- Ensure alignment with all early childhood initiatives
Catalysts for Change and Challenges to Progress

Catalysts
• COVID-19
• Social and Political Shifts
• Funding
• New Early Childhood Governance Structure

Challenges
• COVID-19
Catalysts for Change and Challenges to Progress

Catalysts
- COVID-19
- Social and Political Shifts
- Funding
- New Early Childhood Governance Structure

Challenges
- COVID-19

Did we capture all the catalysts and challenges?
How do we know NH made a difference?

Measures Review

- Reviewed measures identified in original plan
- Identified new measures from data already being collected
- Researched identified data sources
- Compiling comprehensive grid
<table>
<thead>
<tr>

Aligning the Strategic Plan

- Ensure alignment among all early childhood strategic plans
- Alignment at state and local level
- Value in shared ownership, goals, and metrics
- Creates opportunities for shared planning
Aligning the Strategic Plan

- Ensure alignment among all early childhood strategic plans
- Alignment at state and local level
- Value in shared ownership, goals, and metrics
- Creates opportunities for shared planning

What other strategic plans are you aware of that align with the statewide plan?
Questions/Discussion
Discussion Questions

• What excites you about what you heard today?
• How does this work position the Council for its next strategic planning process?
The DOE is proud to announce the **603 Bright Futures Survey**, giving parents, educators and community members a chance to share their perspectives on the response by New Hampshire schools to the COVID-19 pandemic this past year and how the experience should influence instruction as plans are made for fall learning. In the spring of 2020, a Department survey of remote instruction and the return to school generated more than 56,000 responses, helping to shape the state’s [K-12 Back to School Guidance](https://www2.doe.nh.gov/教育/12BacktoSchoolGuidance) released in March, 2021.

**Survey Links open from June 1, 2021 to June 30, 2021:**

NH Students Deserve a Great Summer

Eligible youth opportunities include licensed recreation camps, residence camps and seasonal and year-round day camps

What's Covered

- Attendance at the program, including necessary supplies and materials
- Provision of meals and snacks while attending the program

Camp Fee Eligibility

Eligible students and corresponding youth recreation camp fees include:

- $650 eligible: Students with a disability are eligible for a $650 camp fee
- $500 eligible: Students from families at or below 250% federal poverty level are eligible for a $500 camp fee
- $350 eligible: Students from families at or below 400% federal poverty level are eligible for a $350 camp fee

An “empowered learner” sets goals, holds themselves accountable, persists in the face of obstacles, collaborates with others, and develops their unique gifts as they make their dent in the universe!
Recapture your student’s bright future!

What are Learning Pods and who is eligible?

The Department of Education, in partnership with participating NH public school districts, communities and Prenda, has developed Learning Pods to address learning loss due to the pandemic.

- Small (5-10 students), in person, multi-age groupings (K-2, 3-5 or 6-8)
- Anxiety-sensitive environment allows children to stabilize, rekindle curiosity and accelerate learning
- Learning system aligned to New Hampshire academic standards
- Focus on empowering learners through mastery and project-based learning modes: Conquer, Collaborate and Create

Students and families

- All parents and caregivers can access tuition-free Learning Pods for their students as space allows. In partnership with school districts and communities, Prenda will utilize grant funds on a per-pupil basis to serve Learning Pod enrolled students. During this time, the student will remain enrolled at their district school for purposes of adequacy determination.

District Learning Pod

- Any New Hampshire public school district (LEA) serving students in grades K-8 is eligible to apply for participation. Districts may also join together to offer Learning Pods that would include students across multiple districts.

Community Learning Pod

- Communities may also apply to serve eligible students, particularly if the eligible students served do not have access to a District Learning Pod.

Learn More at: LearningPodsEducation.nh.gov/
**Equity and Access**
- Culturally responsive curriculum
- Support materials fully available in English and Spanish; translator and interpreter services provided to support in additional languages
- Free devices to those who need them

**Family Empowerment**
- Family and caregiver training
- Online and offline coaching support, including status updates during weekly calls and available online and on our app

**Universal Literacy**
- Individualized instruction in reading (and optional in math and science)
- Standards aligned, developmentally appropriate, endorsed for special education

*Elizabeth Carreto*
Waterford UPSTART Mom

*my children to be able to learn both languages better*
Comes to New Hampshire

Audacious Project
- 200 families
- Computers and internet to those who need
- Statewide: 86 municipalities across all 10 counties

Preschool Development Grant
- 75 families
- Computers for all
- Greater Nashua: Amherst, Brookline, Hollis, Hudson, Litchfield, Merrimack, Milford, Mont Vernon, Nashua, Pelham, and Wilton
Child Care
Continuing to Support Families and the Industry

Chris Santaniello, Director
Division of Economic & Housing Stability
A Multi-Phase Approach to Child Care Program Recovery, Stabilization and Sustainability

Phase 1:
Emergency Response
(03/17/20 – 06/15/20)

Phase 2:
Recovery & Stabilization
(06/15/20 – 12/30/20)

Phase 3:
Long-term Stabilization, Sustainability & Capacity Building
(01/01/21 – TBD)
To date, over $65 million has been invested to support NH’s child care industry;

- Child Care Scholarship Program Disaster Days
- Family Cost-Share
- Staff Incentives
- Health and Safety Supplies
- Infrastructure & Capacity Building
- Targeted employer child care support
- Absentee billing related to COVID-19
- Full-time rate for school-age care for hours children would have been in school but for COVID-19
Sources of Funds for COVID Response:

- Traditional Child Care Development Funds (CCDF)
- Child Care Development Fund (CCDF) CARES Act
- Governor’s Office for Emergency Relief and Recovery
- Federal Emergency Management Agency (FEMA)
- American Rescue Plan
- Philanthropic Partners
- Child Care and Development Fund (CCDF) Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA)

This investment continues to support 768 programs to offer 45,788 licensed or allowable child care/out-of-school enrollment opportunities across the state.
Coronavirus Response And Relief Supplemental Appropriations Act, 2021 (CRRSA)

- State of NH received $19,867,552
- Applications were made live on March 1st
- 569 Programs received assistance
- $14,014,560 has been distributed to date
American Rescue Plan – Real Opportunity to Strengthen the System

• State of NH received $77M
• One-time money to the state.
• Two distinct programs:
  • Stabilization - $47M
    • Committed by September 30, 2022, spent by September 30, 2023.
  • Discretionary - $29M
    • Committed by September 30, 2023, spent by September 30, 2024.
Stabilization

- Requires Lead Agencies, the Department of Health and Human Services, to release 90% of the funds in direct grants to child care providers.
- Applications must be on a rolling basis.
- Grant awards must be based on actual operating expense.
- Support the stability of the child care sector during and after the COVID-19 Public Health Emergency.
- Cannot be used for direct service.
- 50% of the funds must be committed by December 11, 2021.
- Required to use the funds to maintain and support operating expenses for the provider:
  - Workforce – wages and benefits;
  - Rent and Utilities
  - Cleaning and sanitization supplies and services
  - Other goods and services to maintain or resume child care services
Discretionary

• Does not have to be tied to a COVID need.
• Intended to build the system back stronger.
• Outcome based focus with the intent to:
  – build capacity,
  – strengthen the workforce,
  – create dependability for parents,
  – Match supply and demand
  – Improve quality
Cliff Effect Recommendations

Expand funding for CCDF program

Adjust CCDF step options- more intervals with smaller increments

Raise State payment rates for non-traditional hours

Enrollment based billing

Included licensed exempt providers in Market Rate Survey’s

Implement state-wide pre-K

Expand Head Start and Early Head Start

Continue to fund full-day kindergarten

Encourage employer support of child care
Child Care following the pandemic – Council Input and Ideas needed!

- Child Care is critical for New Hampshire's economic recovery.

- As parents return to work/children return to in-person school at an increasing rate, what will child care need to look like?

- Child care was fragile pre-pandemic and supply/demand data did not always coincide. What do we need to explore?

- Where do we invest and test new models for the provision of child care that takes into account family needs, staffing needs, and business and community needs?
Next Steps: American Rescue Plan

- Receive full guidance;
- Continue to seek and receive input for best use of the funds;
- Develop a plan that:
  - Continues to offer stabilization
  - Builds child care back stronger, aligned with the needs of families, business, community
  - Improves access
  - Strengthens quality
  - Improves partnerships and collaboration
  - Sustainable
